Re: Camerina 1 Zone, Reservoir B
South Mulvey Field
Vermilion Parish, Louisiana

Application is hereby made on behalf of **EL PASO E&P COMPANY, L.P.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the Camerina 1 Zone, Reservoir B, in the South Mulvey Field, Vermilion Parish, Louisiana, said proposed unit designated CAM 1 RB SUA, as shown on the plat attached hereto and made a part hereof.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any future wells drilled to the Camerina 1 Zone, Reservoir B, in South Mulvey Field, within or outside of the unit created herein, should be located in accordance with the spacing provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
4. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such others matters as may be pertinent.

The Camerina 1 Zone, Reservoir B, in the South Mulvey Field, is hereby defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 17,560 feet and 19,975 feet (electrical log measurements) in Pel Tex Oil Company, Inc. – L. S. Romaine No. 1 Well, located in Section 25 of Township 12 South, Range 1 East, Vermilion Parish, Louisiana.

January 12, 2009

Any pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from Louis Gilbert & Associates, 3636 North Causeway Blvd., Suite 204, Metairie, LA 70002, Telephone Number (504) 834-8112.

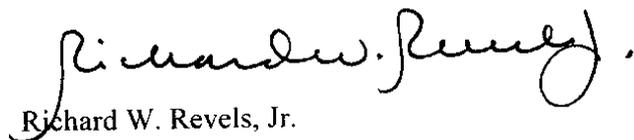

Pursuant to the Rules of Procedure, a pre-application conference was held in Lafayette, Louisiana, on January 6, 2009, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant who explained the bases for the unit being requested. Questions were asked and answered. One counterplan was presented by a landowner representative proposing to shift the unit westward. Other participants favored other changes or simply leaving the unit as originally proposed. The conference was adjourned without any resolution. The applicant has resolved differences with the only party presenting a counterplan at the conference without having to change the unit configuration. It is possible that other opposition could be presented at the hearing to be scheduled for this matter.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal, the conference attendance list and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Very truly yours,

LISKOW & LEWIS
