HA RC SUG and HA RC SUL
HA RD SUB, HA RD SUC, and HA RD SUE
Haynesville Field
Claiborne Parish, Louisiana
Our File No. 340029.0394

Dear Sir:

On behalf of MARATHON OIL COMPANY, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Haynesville Sand, Reservoir C and Haynesville Zone, Reservoir D, in the Haynesville Field, Claiborne Parish, Louisiana:

1. To permit the applicant to drill, designate and utilize two (2) additional alternate unit wells for HA RC SUG and one (1) additional alternate unit well for HA RC SUL, at the locations shown on the attached plat, or at any legal locations within such units.
2. To permit the applicant to drill, designate and utilize one (1) additional alternate unit well each for HA RD SUB, HA RD SUC and HA RD SUE, at the locations shown on the attached plat, or at any legal locations within such units.
3. To explicitly find that the proposed alternate unit wells are in the interest of conservation and are necessary to drain a portion of the Haynesville Sand, Reservoir C and Haynesville Zone, Reservoir D, in the Haynesville Field underlying HA RC SUG, HA RC SUL, HA RD SUB, HA RD SUC and HA RD SUE, respectively, which cannot be efficiently and economically drained by any existing well in such units.
4. To provide that the unit allowable for each of such units may be produced from either the unit well, the alternate unit wells, or any combination thereof, at the operator's discretion.

5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Haynesville Sand, Reservoir C, in the Haynesville Field, was fully defined in Office of Conservation Order No. 35-R-3, effective June 11, 1991.
