Re: APPLICATION FOR PUBLIC HEARING.

Haynesville Zone, Reservoir A, RED CHUTE  
BAYOU FIELD, Bossier Parish, Louisiana.

Dear Sir:

CHESAPEAKE OPERATING, INC. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Haynesville Zone, Reservoir A, in the Red Chute Bayou Field, Bossier Parish, Louisiana.

1. To create one (1) additional drilling and production unit for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, such unit being shown on the attached plat and being designated HA RA SUC.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate an operator of, and unit well for, the proposed unit as may be appropriate.
4. To propose that any future well drilled to the Haynesville Zone, Reservoir A, within or outside of the unit proposed herein be located no closer than 330 feet to any unit line and no closer than 660 feet to any well completed in, drilling to, or for which a permit has been granted to drill to the Haynesville Zone, Reservoir A, and to provide that with respect to any horizontal well drilled to the Haynesville Zone within this proposed unit, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus.

5. To define the Haynesville Zone, Reservoir A, as the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 10,910 feet and 11,487 feet (electrical log measurements) in the Chesapeake Operating, Inc.--SRLT 29 No. 1 Well, located in Section 29, Township 16 North, Range 15 West, Caddo Parish, Louisiana.

6. To consider such other matters as may be pertinent to these proposals.

The application for establishment of the initial field rules for the Haynesville Zone, Reservoir A, in Red Chute Bayou Field, was the subject of an application of Chesapeake Operating, Inc., under Docket No. 08-1752, the public hearing on which was held on November 13, 2008, in Baton Rouge, Louisiana.
