Re: Haynesville Zone,
Reservoir A
Summerfield Field
Claiborne Parish, Louisiana

APPLICATION FOR PUBLIC HEARING

Dear Sir:

Brammer Engineering, Inc. hereby makes application pursuant to the revised rules of procedure for a public hearing to consider evidence relating to the following matters pertaining to the Haynesville Zone, Reservoir A, in the Summerfield Field, Claiborne Parish, Louisiana:

1. To establish rules and regulations and create three (3) drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in the Summerfield Field, Claiborne Parish, Louisiana, to be designated HA RA SUA , HA RA SUB and HA RA SUC, as shown outlined on the plat attached hereto and made a part hereof;
2. To force pool and integrate all of the separately owned tracts, mineral leases and other property interests located within the proposed units in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation;
3. To designate unit wells and unit operators, as appropriate;
4. To provide that wells drilled to the Haynesville Zone, Reservoir A, in the Summerfield Field be located no closer than 330 feet to any unit line and that there be not less than 1,500 feet between wells drilling to, completed in, or for which a permit has been issued to the Haynesville Zone, Reservoir A; and,
5. To consider and cover such other matters as the Commissioner of Conservation may deem appropriate and necessary under the circumstances.

The Haynesville Zone, Reservoir A, in the Summerfield Field, Claiborne Parish, Louisiana, is to be defined as the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 9,620 feet and 10,345 feet (electric log measurements) in the Brammer Engineering, Inc. - Tommie E. Deese 12 No. 1 Well, located in the Southeast Quarter of Section 12, Township 22 North, Range

5 West, Claiborne Parish, Louisiana, and is to be further defined as the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 9,760 feet and 10,550 feet (electric log measurements) in the Sabine Production Company - Davidson, et al No. 1 Well located in the Southeast Quarter of Section 11, Township 22 North, Range 5 West, Claiborne Parish, Louisiana.

Any pertinent data relating to this matter can be obtained, at the cost of the requesting party, from Mr. Stephen Smith, Hunter Energy Corporation, P. O. Box 1689, Ruston, Louisiana 71273-1689, telephone number (318) 255-2400.

A Pre-Application Notice dated March 6, 2009, was circulated in connection with this matter. No request was received for a conference; accordingly, no conference will be held.

The list of parties attached to the copies of this application being sent to the Office of Conservation includes the names of all Interested Owners, Represented Parties and Interested Parties known to Applicant after a diligent search. A copy of this application, with plat attached, is being sent to each such party. Pursuant to Office of Conservation regulations, the list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any person requesting a copy of it. A check for the application fee is enclosed with the copy of this letter being sent to the Commissioner of Conservation.

Yours very truly,

COOK, YANCEY, KING & GALLOWAY

J. William Fleming
