Re: Miocene 3A-2 Sand, Reservoir C
North Crowley Field
Acadia Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **ENERGYQUEST II, L.L.C.** for the calling of a public hearing after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize two alternate unit wells, one for the MIO 3A-2 RC SUC and one for the MIO 3A-2 RC SUE, at the approximate locations shown on the plat attached hereto and made a part hereof, which locations comply with the spacing provisions of Office of Conservation Order No. 423-CCCC-1.
2. To find that the proposed alternate unit wells are necessary to efficiently and economically drain those portions of the Miocene 3A-2 Sand, Reservoir C, covered by the MIO 3A-2 RC SUC and MIO 3A-2 RC SUE.
3. To continue in effect the existing designation and use of the respective current unit wells.
4. To permit the operator to produce the unit allowable for each unit from the unit well, the proposed alternate unit well, or both, at the discretion of the operator.
5. Except to the extent herein set forth, to continue in full force and effect the provisions of Office of Conservation Order No. 423-CCCC-1, effective January 13, 1998, as amended and supplemented by the 423-CCCC Series of Orders and applicable statewide orders.
6. To consider such other matters as may be pertinent.

June 9, 2009

The Miocene 3A-2 Sand, Reservoir C, in the North Crowley Field, Acadia Parish, Louisiana, was previously defined in Office of Conservation Order No. 423-CCCC-1, effective January 13, 1998.

In the opinion of the applicant, the proposed alternate unit wells will permit efficient and economic recovery of hydrocarbons underlying the units, will not adversely affect the adjacent offsetting units, and are needed to satisfy the market demand for gas and condensate from the field.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$1510.00 **made payable to the Office of Conservation** and representing the required hearing application fee.

Sincerely,

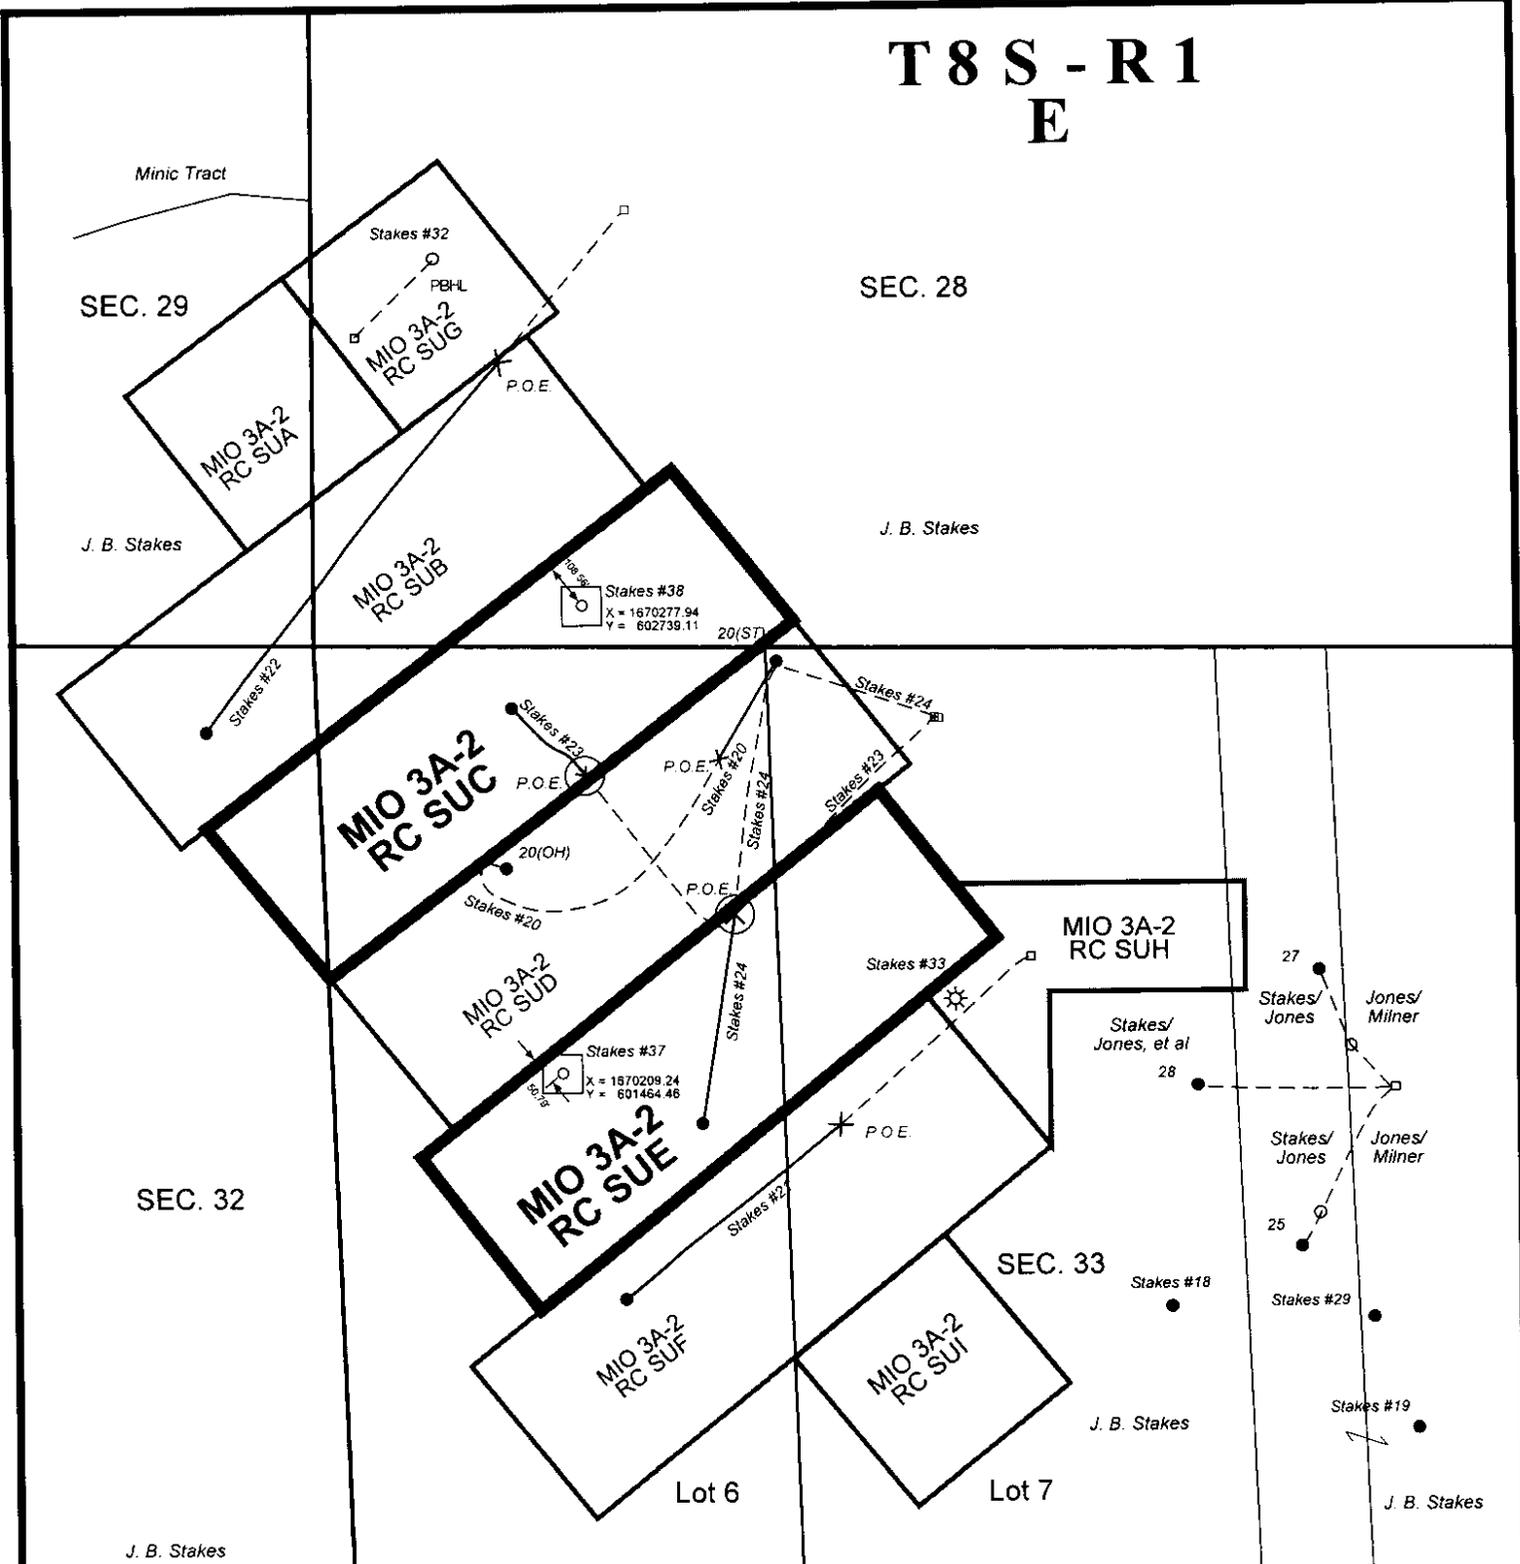

Richard W. Revels, Jr.
