Honorable James H. Welsh
Commissioner of Conservation
State of Louisiana
Post Office of Box 94275
Baton Rouge, Louisiana 70804-4275

RE: 13,300' Zone, Reservoir A
Grosse Isle Field
Vermilion Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of Flex Energy, L.L.C. for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of gas and condensate from the 13,300' RA SUA, as shown on the plat attached hereto and made a part hereof.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each separate tract sharing in unit production on a surface acre basis of participation.
3. To designate Flex Energy, L.L.C. as operator of the proposed unit.
4. To designate its Oak Bend, L.L.C. Well as unit well for the proposed unit at the location shown on the plat attached hereto.
5. To provide that any future substitute and/or alternate unit wells drilled to the 13,300' Zone Reservoir A, should be located in accordance with the provisions of LAC 43:XIX.1901 et seq. (Statewide Order No. 29-E).
6. To provide that the Commissioner of Conservation should be authorized to reclassify the 13,300' Zone, Reservoir A, in Grosse Isle Field, by supplemental order without the necessity of a public hearing if the producing characteristics of such reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
7. To consider such other matters as may be pertinent.

The 13,300' Zone is hereby defined as the interval between the depths of 13,156 feet and 15,190 feet (electrical log measurements) (13,150 feet and 15,183 feet-true vertical depths) in the Flex Energy, L.L.C.-Oak Bend, L.L.C. No. 1 Well located in Section 21, Township 12 South, Range 4 East, Vermilion Parish, Louisiana.

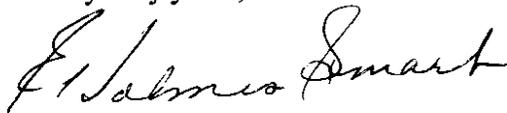

Any pertinent data, including well logs not available from the Office of Conservation, may be obtained AT THE COST OF THE REQUESTING PARTY from Frank W. Harrison, Jr., P.O. Box 51943 Lafayette, LA 70505, Telephone No. (337) 232-4031.

A conference to discuss the proposed application was held on Wednesday, June 24, 2009 at the Petroleum Club of Lafayette, Louisiana. A number of landowners attended and one group, part of the Zenon Family, was represented by Mr. James Hardwick. After presentation of the applicants geologic plan, Mr. Hardwick presented his geologic plan which was in stark contrast though about the same size as the applicant's. The complexity of the geology was expressed and after much discussion, a compromise was reached whereby a geographic unit was agreed upon. The compromise plan is attached hereto.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal along with the list of the names and addresses of this application is being mailed. Note that the unit proposal has been changed since the pre-application notice was mailed as reflected on the attached plat. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Lafayette, District of the Office of Conservation; however, the list of parties will be furnished to any party requesting a copy. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation submitted on behalf of the applicant representing the hearing application fee.

Very truly yours,

E. Holmes Smart
EHS/hjs

RE: 13,300' Zone, Reservoir A
Grosse Isle Field
Vermilion Parish, Louisiana

Dear Commissioner Welsh:

There was a drafting error on the proposed unit plat submitted with the subject application. A corrected plat is attached, please substitute this plat with the application. A corrected plat is being mailed to all interested parties.

Very truly yours,

E. Holmes Smart
EHS/hjs
