A, LOGANSPORT FIELD, DeSoto Parish, Louisiana.

Dear Sir:

INDIGO MINERALS L.L.C. ("Applicant") hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Hosston Zone and to the Cotton Valley Formation, Reservoir A, in the Logansport Field, DeSoto Parish, Louisiana:

1. To authorize Applicant to drill, designate and utilize one (1) alternate unit well each for HOSS SU59, HOSS SU60, HOSS SU61, CV RA SUY, CV RA SUZ and CV RA SUN, at the locations shown on the attached plats.
2. To approve exceptions to the spacing provisions of Office of Conservation Order No. 28-W, effective April 22, 1980 (applicable to the Cotton Valley Formation, Reservoir A), and Office of Conservation Order No. 28-S-4, effective July 22, 1981 (applicable to the Hosston Zone), for the location of any of the proposed alternate unit wells, as shown on the attached plats, which does not comply with these spacing provisions.
3. To find that each of the proposed alternate unit wells is necessary to efficiently and economically drain a portion of the Cotton Valley Formation, Reservoir A, and a portion of the Hosston Zone, underlying the units on which they are to be located, which cannot be efficiently and economically drained by any existing well on these units.
4. To permit the operator of these units to produce the allowable assigned to each unit from either the unit well, from the alternate unit well, or from a combination of such wells, at the option of the operator.
5. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.
