Dear Commissioner Welsh:

Application is hereby made on behalf of **ENCANA OIL & GAS (USA) INC.**, for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize its Blackstone Ivory 8H No. 1 Well as unit well for the JUR RB SUI, at the location shown on the plat attached hereto, or within a tolerance radius of 100 feet thereof, provided that no perforations shall be less than 330 feet from the nearest unit line and no closer than 660 feet to perforations in any offset Haynesville Zone or Jurassic Zone wells, in exception to the spacing provisions of Office of Conservation Order No. 917-J, effective August 1, 2006.
2. To find that the proposed unit well at the location shown is necessary to efficiently and economically drain a portion of the reservoir covered by the unit and that use of such well will not adversely affect offset owners.
3. To designate EnCana Oil & Gas (USA) Inc. as unit operator for the JUR RB SUI.
4. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 917-J, effective August 1, 2006, as amended and supplemented by the 917-J Series of Orders, the units created thereby, and applicable Statewide Orders.
5. To consider such other matters as may be pertinent.

The Jurassic Zone, Reservoir B, in Bracky Branch Field, Red River Parish, Louisiana, was previously defined in Office of Conservation Order No. 917-J, effective August 1, 2006, and was redefined in Office of Conservation Order No. 917-J-2, effective June 17, 2008.
