1. To create one (1) additional drilling and production unit (to be designated as HA RA SU58) for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in the Logansport Field, DeSoto Parish, Louisiana, as shown on the plat attached hereto;

4. To provide that, with respect to future horizontal wells drilled to the Haynesville Zone, Reservoir A, in the proposed unit and in the Logansport Field, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir A, the distance to any unit boundary and any offset well(s) will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus;
5. Except to the extent contrary herewith, to extend the provision of Office of Conservation Order No. 28-AA, effective July 29, 2008, as amended and supplemented by the 28-AA Series of Orders, to the proposed unit.

6. To consider such other matters and issue such orders as may be appropriate and justified by the evidence presented at the hearing.
