Re: APPLICATION FOR PUBLIC HEARING.

Haynesville Zone, Reservoir A, ELM GROVE FIELD,  
Caddo and Bossier Parishes, Louisiana.

Dear Sir:

J-W OPERATING COMPANY ("Applicant") hereby respectfully applies for a public hearing to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Haynesville Zone, Reservoir A, in the Elm Grove Field, Caddo and Bossier Parishes, Louisiana:

1. To create two (2) additional drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, such units being shown on the attached plat and being designated HA RA SU108 and HA RA SU110.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate a unit operator of, and a unit well for, each of the proposed units as may be appropriate.
4. To provide that with respect to any horizontal well drilled to the Haynesville Zone within the proposed units, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary and offset well will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus of the well in the Haynesville Zone.
5. To extend, except as in conflict herewith, the provisions of Office of Conservation Order No. 361-L, effective July 29, 2008, as supplemented and amended by the Order No. 361-L series of Orders, and of all applicable Statewide Orders, to the proposed additional unit.
6. To discuss such other matters as may be pertinent to any of the proposals outlined above.

The Haynesville Zone, Reservoir A, in the Elm Grove Field was defined in Office of Conservation Order No. 361-L, effective July 29, 2008.

Honorable James H. Welsh
