Re: APPLICATION FOR PUBLIC HEARING.

Haynesville Zone, Reservoir A, PLEASANT HILL  
FIELD, DeSoto Parish, Louisiana.

Dear Sir:

XTO ENERGY, INC. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Haynesville Zone, Reservoir A, in the Pleasant Hill Field, DeSoto Parish, Louisiana:

1. To create one (1) additional drilling and production unit for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, such unit being shown on the attached plat and being designated HA RA SUOO.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed additional unit in accordance with Section 10, Title 30, of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate a unit operator of, and unit well for, the proposed additional unit as may be appropriate.
4. To provide that with respect to any horizontal well drilled to the Haynesville Zone within the proposed unit, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary and offset well will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus of the well in the Haynesville Zone.
5. To extend to the additional unit, except as in conflict with the foregoing proposals, the provisions of Office of Conservation Order No. 498-B, effective October 7, 2008, as amended and supplemented by the Order No. 498-B series of Orders, and of all applicable Statewide Orders.
6. To consider such other matters as may be pertinent to these proposals.

The Haynesville Zone, Reservoir A, in the Pleasant Hill Field, DeSoto and Sabine Parishes, Louisiana, was defined in Office of Conservation Order No. 498-B, effective October 7, 2008.
