Haynesville Zone, Reservoir C
Red River - Bull Bayou Field
DeSoto Parish, Louisiana
Our File No. 230593.357

Dear Sir:

On behalf of **Comstock Oil & Gas - Louisiana, LLC**, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Haynesville Zone, Reservoir C, in the Red River - Bull Bayou Field, DeSoto Parish, Louisiana:

1. To permit the applicant to drill, designate and utilize one (1) alternate unit well in each of the units designated as HA RC SUN and HA RC SUO, at the locations shown on the plat attached hereto.
2. To explicitly find that the proposed alternate unit wells are in the interest of conservation and are necessary to drain portions of the Haynesville Zone, Reservoir C, in the Red River - Bull Bayou Field underlying HA RC SUN and HA RC SUO, respectively, which cannot be efficiently and economically drained by any existing well in such units.
3. To provide that the unit allowables for HA RC SUN and HA RC SUO, respectively, may be produced from either the unit well, the alternate unit wells, or any combination thereof, at the operator's discretion.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Haynesville Zone, Reservoir C, in the Red River - Bull Bayou Field was defined in Office of Conservation Order No. 109-X, effective June 25, 2008.
