RE: 8500' Sand, Reservoir A (Upper Unit)
9275' Sand, Reservoir A (Middle Unit)
9430' Sand, Reservoir A (Middle Unit)
SOUTH JENNINGS FIELD
Jefferson Davis Parish, Louisiana

Dear Sir:

In compliance with the Rules of Procedure for Conducting Hearings before the Commissioner of Conservation of the State of Louisiana, application is hereby made on behalf of **Riceland Petroleum Company** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of orders pertaining to: 1) the 8500' Sand, Reservoir A, lying within the South Jennings Upper Unit and; 2) the 9275' and 9430' Sands, both in Reservoir A, lying within the South Jennings Middle Unit. All three reservoirs are located in the South Jennings Field, Jefferson Davis Parish, Louisiana. The Upper Unit was established by agreement designated as "An Agreement Unitizing All Sands Lying Above the Top of the 8600 Foot Sand" and the Middle Unit was established by agreement designated as "An Agreement Unitizing All Sands Lying Below the Top of the 8600' Sand and Above the Base of the 9500' Sand", South Jennings Field, Jefferson Davis Parish, Louisiana, dated October 15, 1945, and approved by the Commissioner of Conservation pursuant to Order No. 26-A, effective February 12, 1946, as supplemented or amended. The allocation of unitized substances within the Upper and Middle Units will not be changed as a result of the proposed hearing.

The 8500' Sand, Reservoir A, in the South Jennings Field, Jefferson Davis Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the measured depths of 8485 feet and 8552 feet (electrical log measurements) in the Riceland Petroleum Company - Dan Doherty No. 6 Well, located in Section 15, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana.

The 9275' Sand, Reservoir A, in the South Jennings Field, Jefferson Davis Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the measured depths of 9276 feet and 9282 feet (electrical log measurements) in the Riceland Petroleum Company - Dan Doherty No. 7 Well, located in Section 15, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana.

The 9430' Sand, Reservoir A, in the South Jennings Field, Jefferson Davis Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the measured depths of 9360 feet and 9378 feet (electrical log measurements) in the Riceland Petroleum Company - Walker No. 17 Well, located in Section 15, Township 10 South, Range 3 West, Jefferson Davis Parish, Louisiana.

In its application, Riceland Petroleum Company intends to request the following, to-wit:

1. To recognize the above reservoir for the 8500' Sand, Reservoir A as lying within the Upper Unit and that the above reservoirs for the 9275' Sand, Reservoir A and the 9430' Sand, Reservoir A, as lying within the Middle Unit, all in South Jennings Field, Jefferson Davis Parish, Louisiana and previously approved by the Commissioner of Conservation in Order No. 26-A, as supplemented or amended, all as shown more particularly on the attached plat;
2. To confirm Riceland Petroleum Company as the unit operator of the above reservoirs as provided in the Upper and Middle Unit Agreements;
3. Except as specifically amended herein, to continue in full force and effect the provision of Order No. 26-A, as supplemented or amended; and
4. To consider such other matters relating to the subject reservoir as may be appropriate and justified by the evidence presented at the public hearing.

In addition to furnishing the legal notice to all Interested Parties, the applicant will provide for POSTING of the legal notice of the hearing and unit plat in a prominent place in the area of the South Jennings Field, Jefferson Davis Parish, Louisiana, and will cause the legal notice of the hearing to be PUBLISHED in a newspaper of general circulation published in the vicinity of the South Jennings Field, Jefferson Davis Parish, Louisiana, at least fifteen (15) days before the hearing date.

Any pertinent data relating to the subject application can be obtained, **AT THE COST OF THE REQUESTING PARTY**, from David Comeaux at Leon E. Comeaux & Associates, P. O. Box 53922, Lafayette, Louisiana 70505, (337-233-9839).

In compliance with the Rules of Procedure, a preapplication notice was given, but no request for a conference was received, and therefore, none was held.

There are attached hereto and made a part hereof plats outlining the proposed units and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties and proposed unit plats (being the same plats attached to the January 26, 2010 notice) are being furnished **ONLY** to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, said plats and the list of parties will be provided to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, there is enclosed our check on behalf of the applicant, Riceland Petroleum Company, in the sum of \$2265.00 payable to the Office of Conservation and representing the required hearing application fee.

Sincerely,

LEON E. COMEAUX & ASSOCIATES

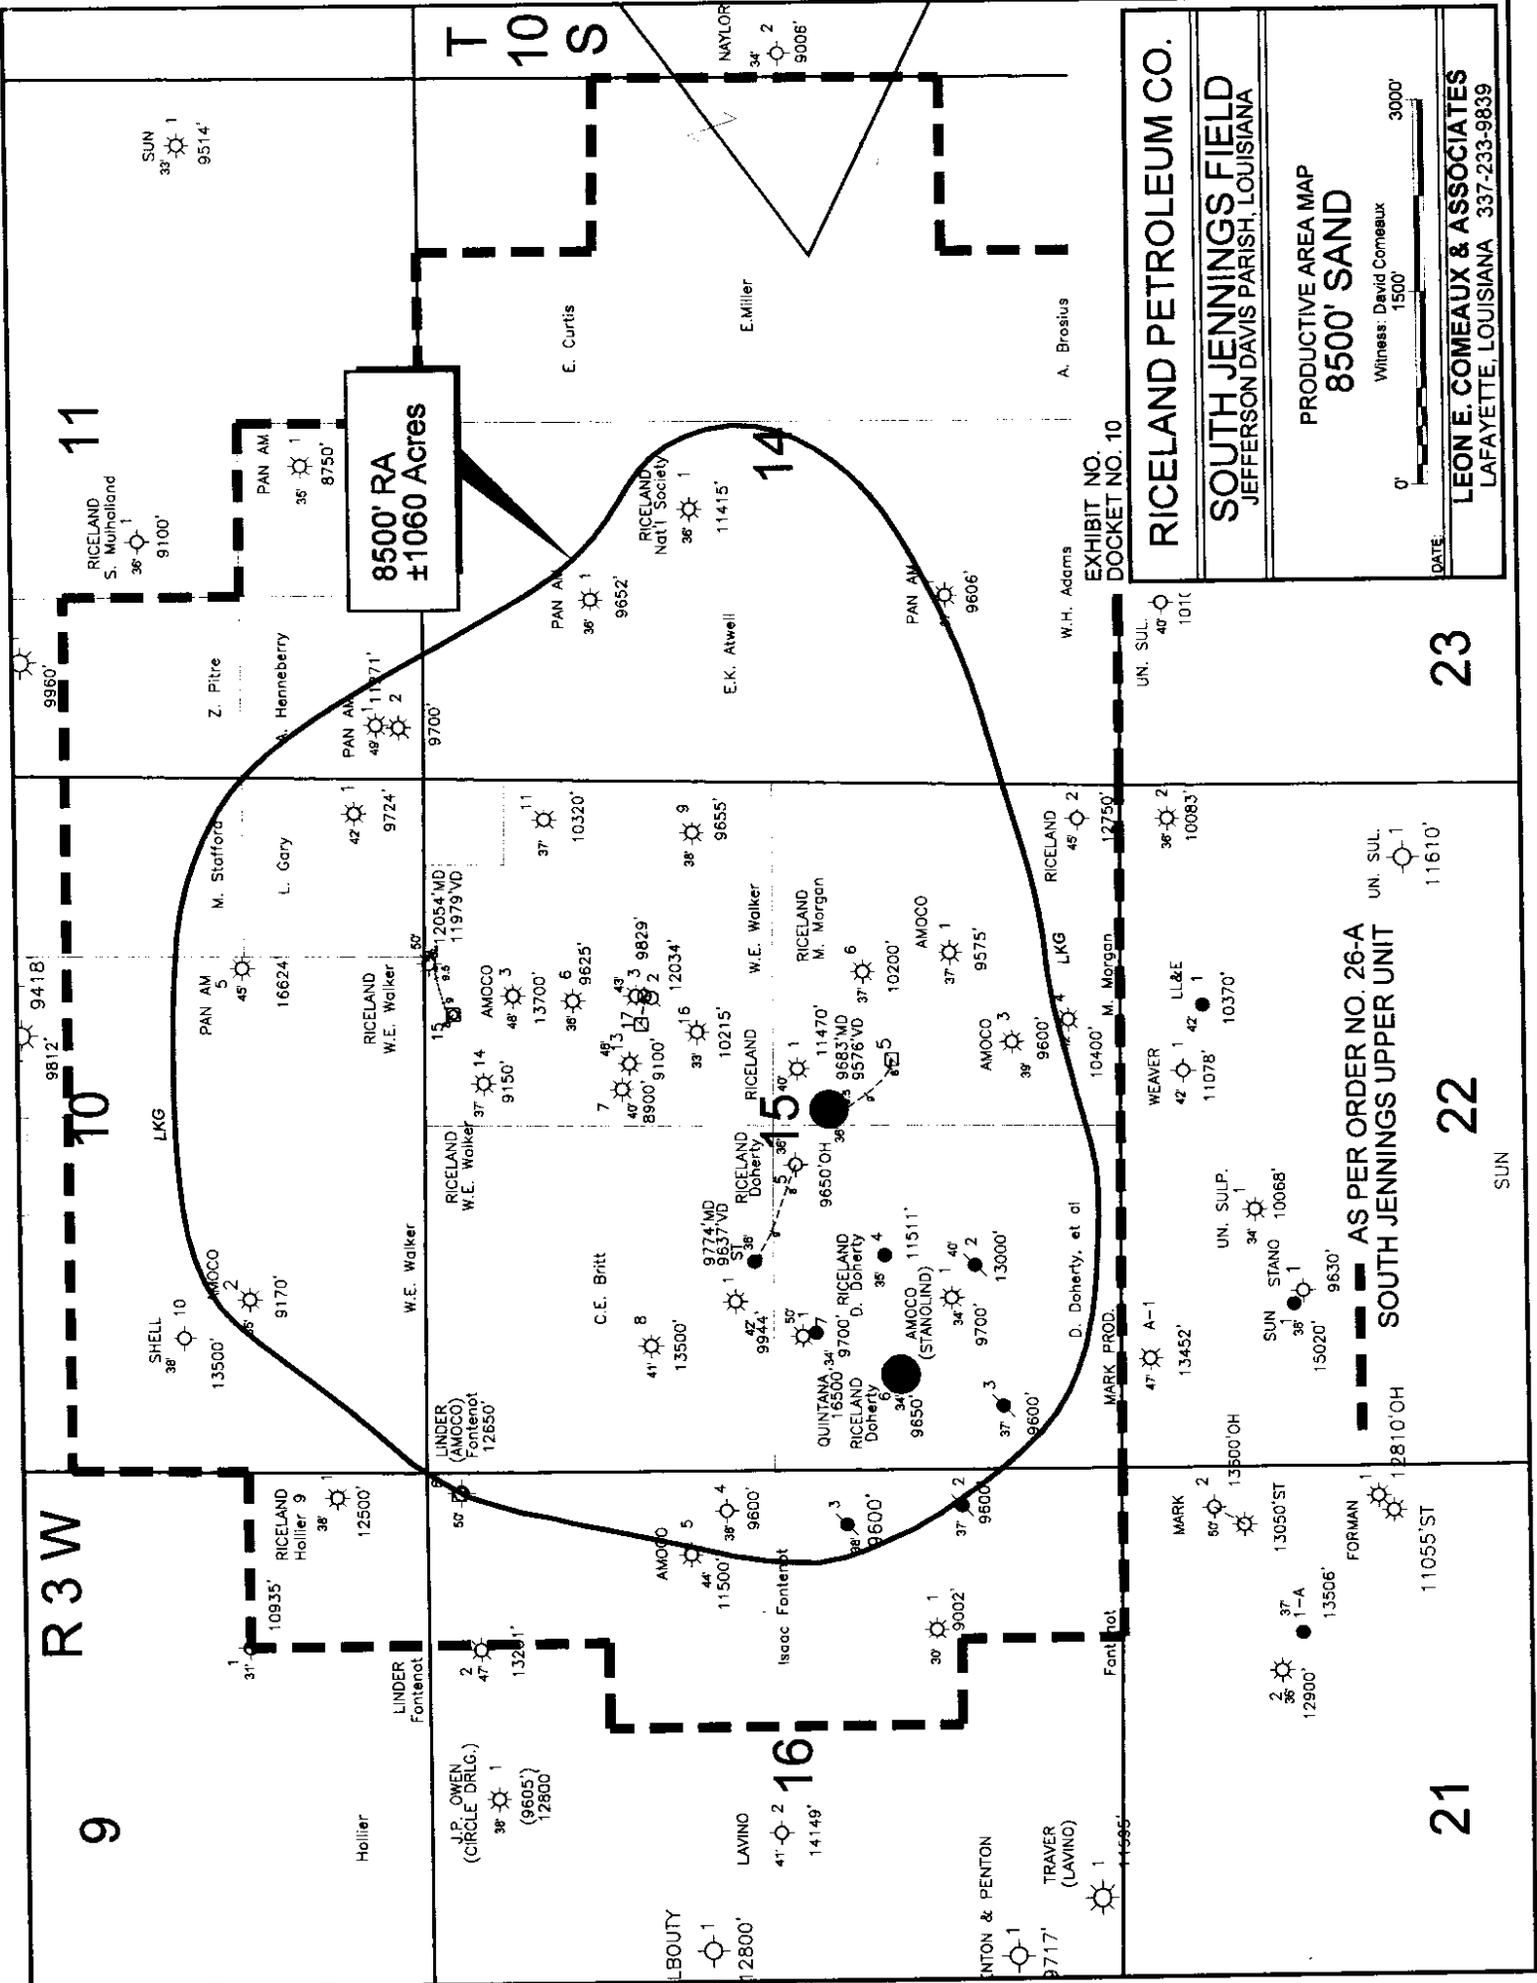

David Comeaux
