RE: HEARING APPLICATION
Hosston Formation, Reservoir A
Cotton Valley Formation, Reservoir A
Haynesville Zone, Reservoir A
Bethany-Longstreet Field
DeSoto Parish, Louisiana
Our File No. 230593.361

Dear Sir:

On behalf of **Comstock Oil & Gas - Louisiana, LLC**, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Hosston Formation, Cotton Valley Formation and Haynesville Zone, Reservoirs A, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana:

1. To create one (1) additional drilling and production unit (to be designated HOSS RA SU108), as shown on the plat attached hereto, for the exploration for and production of gas and condensate from the Hosston Formation, Reservoir A, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana.
2. To create one (1) additional drilling and production unit (to be designated CV RA SU124), as shown on the plat attached hereto, for the exploration for and production of gas and condensate from the Cotton Valley Formation, Reservoir A, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana.
3. To create one (1) additional drilling and production unit (to be designated HA RA SU96), as shown on the plat attached hereto, for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana.
4. To force pool and integrate all separately owned tracts, mineral leases, and other property interests within each of the proposed units, with allocation of production to the tracts within such units to be on the basis of surface acreage.
5. To redefine the Haynesville Zone, Reservoir A, in the Bethany-Longstreet Field, INSOFAR AND ONLY INSOFAR AS TO the proposed HA RA SU96, as being that gas and condensate bearing interval encountered between the depths of 10,230 feet and 11,730 feet

(electrical log measurements) in the Coronado Energy E & P Company, LLC - Miller Land Co. Ltd. 10 No. 1 Well, located in Section 10, Township 13 North, Range 16 West, DeSoto Parish, Louisiana.

6. To provide that, with respect to horizontal wells drilled to the Haynesville Zone, Reservoir A, within or to serve the proposed unit, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir A, the distance to any unit boundary and any offset well(s) will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus.
7. To authorize the downhole combination of production from the Hosston Formation, Cotton Valley Formation and the Haynesville Zone, Reservoirs A, or any combination thereof, at the operator's discretion, in the wellbore of any well drilled on HOSS RA SU108, CV RA SU124 and HA RA SU96, respectively, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana, as to which the acreage and ownership are identical.
8. To explicitly find that said downhole combination of production is in the interest of conservation, will prevent waste and will maximize the efficient and economic recovery of gas and condensate from such formations, zone and reservoirs.
9. Except to the extent contrary herewith, to extend the provisions of Office of Conservation Order No. 289, effective October 1, 1954, as amended and supplemented by the 289-A-g Series of Orders, to the proposed HOSS RA SU108.
10. Except to the extent contrary herewith, to extend the provisions of Office of Conservation Order No. 289-J, effective March 1, 1974, as amended and supplemented by the 289-J Series of Orders, to the proposed CV RA SU124.
11. Except to the extent contrary herewith, to extend the provisions of Office of Conservation Order No. 289-R, effective April 2008, as amended and supplemented by the 289-R Series of Orders, to the proposed Haynesville Zone, Reservoir A unit.
12. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Hosston Formation, Reservoir A, in the Bethany-Longstreet Field, was initially defined in Office of Conservation Order No. 289, effective October 1, 1954, and was further defined in Order No. 289-A-g-2, effective April 14, 1977.

The Cotton Valley Formation, Reservoir A, in the Bethany-Longstreet Field, was fully defined in Office of Conservation Order No. 289-J, effective March 1, 1974.

The Haynesville Zone, Reservoir A, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana, was initially defined in Office of Conservation Order No. 289-R, effective April 1, 2008, but shall be redefined as to the proposed HA RA SU96 as set forth above.

Pertinent data regarding this application will be available for inspection at the offices of Blanchard, Walker, O'Quin & Roberts, 400 Texas Street, Suite 1400, Shreveport, Louisiana 71101. Any person wishing to inspect such data should call Mr. Wm. Timothy Allen III (318)221-6858, during normal business hours, or write Mr. Allen at the above address in order to arrange a time and date for such inspection. Copies of such pertinent data can be obtained AT THE EXPENSE OF THE REQUESTING PARTY.

A list of the names and addresses of all Interested Owners, Represented Parties and Interested Parties (as defined in the Revised Rules of Procedure) is attached hereto. A copy of this notice, with the annexed plats, is being sent to each of such persons. A reasonable effort has been made to determine that the enclosed list includes all of the persons to whom this notice must be sent under the Revised Rules of Procedure. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it.

By Pre-Application Notice dated June 1, 2010, applicant advised the Commissioner of Conservation, the District Manager and all Interested Owners, Represented Parties and Interested Parties of applicant's intention to apply for the hearing which is the subject of this application. Applicant received no request for a conference, and accordingly, no conference will be held.

A check in the amount of \$2,265.00 made payable to the Commissioner of Conservation is enclosed herewith as the statutory fee for holding the requested hearing.

This application is being filed in duplicate, and a copy hereof is being sent to Mr. James C. Broussard, Shreveport District Manager of the Office of Conservation, and to each Interested Owner, Represented Party and Interested Party whose name is shown on the attached list.

You may have received this Hearing Application even though your property may not be included in the proposed units, because the Revised Rules of Procedure require us to attempt to also notify everyone owning an interest in the area "proximate to" the proposed units.

Your receipt of this Hearing Application does not require you to take any action. It is meant to notify you of these proceedings so that you have the opportunity to participate if you so desire.

Very truly yours,

BLANCHARD, WALKER, O'QUIN & ROBERTS
