Re: L TUSC RA SUA and 20800 TUSC RA SUA  
Judge Digby Field  
Pointe Coupee Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **BP AMERICA PRODUCTION COMPANY** for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the Lower Tuscaloosa Sand, Reservoir A, Sand Unit A and 20,800' Tuscaloosa Sand, Reservoir A, Sand Unit A, all in Judge Digby Field, Pointe Coupee Parish, Louisiana:

1. To permit the applicant to downhole combine production from the L TUSC RA SUA and 20800 TUSC RA SUA, including production from the unit and/or alternate unit wells designated to service their respective units, all in Judge Digby Field, Pointe Coupee Parish, Louisiana.
2. Except to the extent herein designated, to continue in full force and effect the provisions of Office of Conservation Order No. 1046, effective September 6, 1978, as amended and supplemented by the 1046-A Series of Orders for the Lower Tuscaloosa Sand, Reservoir A, and Order 1046-F, effective July 23, 2002, as amended and supplemented by the 1046-F Series of Orders for the 20,800 Tuscaloosa Sand, Reservoir A, respectively.
3. To consider such other matters as may be pertinent.

The Lower Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was initially defined in Office of Conservation Order No. 1046, effective September 6, 1978, was redefined in Order No. 1046-A-31, effective July 23, 2002, and was further defined in Order No. 1046-A-70, effective November 17, 2009.

The 20,800' Tuscaloosa Sand, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, was previously defined in Office of Conservation Order No. 1046-F, effective July 23, 2002, and was further defined in Order No. 1046-F-12, effective November 17, 2009.

July 12, 2010

The L TUSC RA SUA and 20800 TUSC RA SUA are identical in size and shape. The ownership of production attributable to each respective unit is also identical to the best of applicant's knowledge. In the applicant's opinion, the proposed downhole combination is in the interest of conservation, will prevent waste and will maximize the efficient and economic recovery of gas and condensate from these sands.

Attached hereto and made a part hereof is a plat, along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$1,510.00 **made payable to the Office of Conservation** and representing the required hearing application fee.

Very truly yours,

LISKOW & LEWIS

Richard W. Revels, Jr.
