Re: HA RA SUS  
Trenton Field  
DeSoto Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **EOG RESOURCES, INC.** for the calling of a public hearing after ten (10) days legal notice, to consider evidence relative to the issuance of an Order pertaining to the following matters:

1. To grant spacing exceptions to allow the applicant to continue to utilize its Rives-Johnson 5 No. 1 Well as unit well and its Rives-Johnson 5 No. 2 Alt. Well as alternate unit well to serve the HA RA SUS, in Trenton Field, DeSoto Parish, Louisiana, at the locations shown on the plat attached hereto and made a part hereof, which locations are in exception to the spacing provisions of Office of Conservation Order 1199-E, effective September 16, 2008.
2. To continue to permit the operator to produce the unit allowable from the unit well and the existing alternate unit wells in any combination at its discretion.
3. To find that these wells are necessary to efficiently and economically drain a portion of the reservoir covered by the unit that cannot be so drained by any existing well within such unit.
4. To confirm EOG Resources, Inc. as operator of the HA RA SUS.
5. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 1199-E, effective September 16, 2008, as amended and supplemented by the 1199-E Series of Orders, the units created thereby, and applicable Statewide Orders.
6. To consider such other matters as may be pertinent.

August 4, 2010

The Haynesville Zone, Reservoir A, in Trenton Field, DeSoto Parish, Louisiana, was defined in Office of Conservation Order No. 1199-E, effective September 16, 2008.

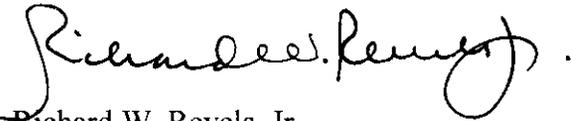

The Rives-Johnson 5 No. 1 Well and Rives-Johnson 5 No. 2 Alt Well currently serve as unit and alternate unit well, respectively, for the HA RA SUS. It has come to the attention of the applicant that these wells were mistakenly perforated less than 330 feet from the north unit line in exception to applicable spacing provisions. For that reason, the applicant is requesting spacing exceptions at a hearing.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal along with a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$755.00 **made payable to the Office of Conservation** representing the required hearing application fee.

Sincerely,

LISKOW & LEWIS

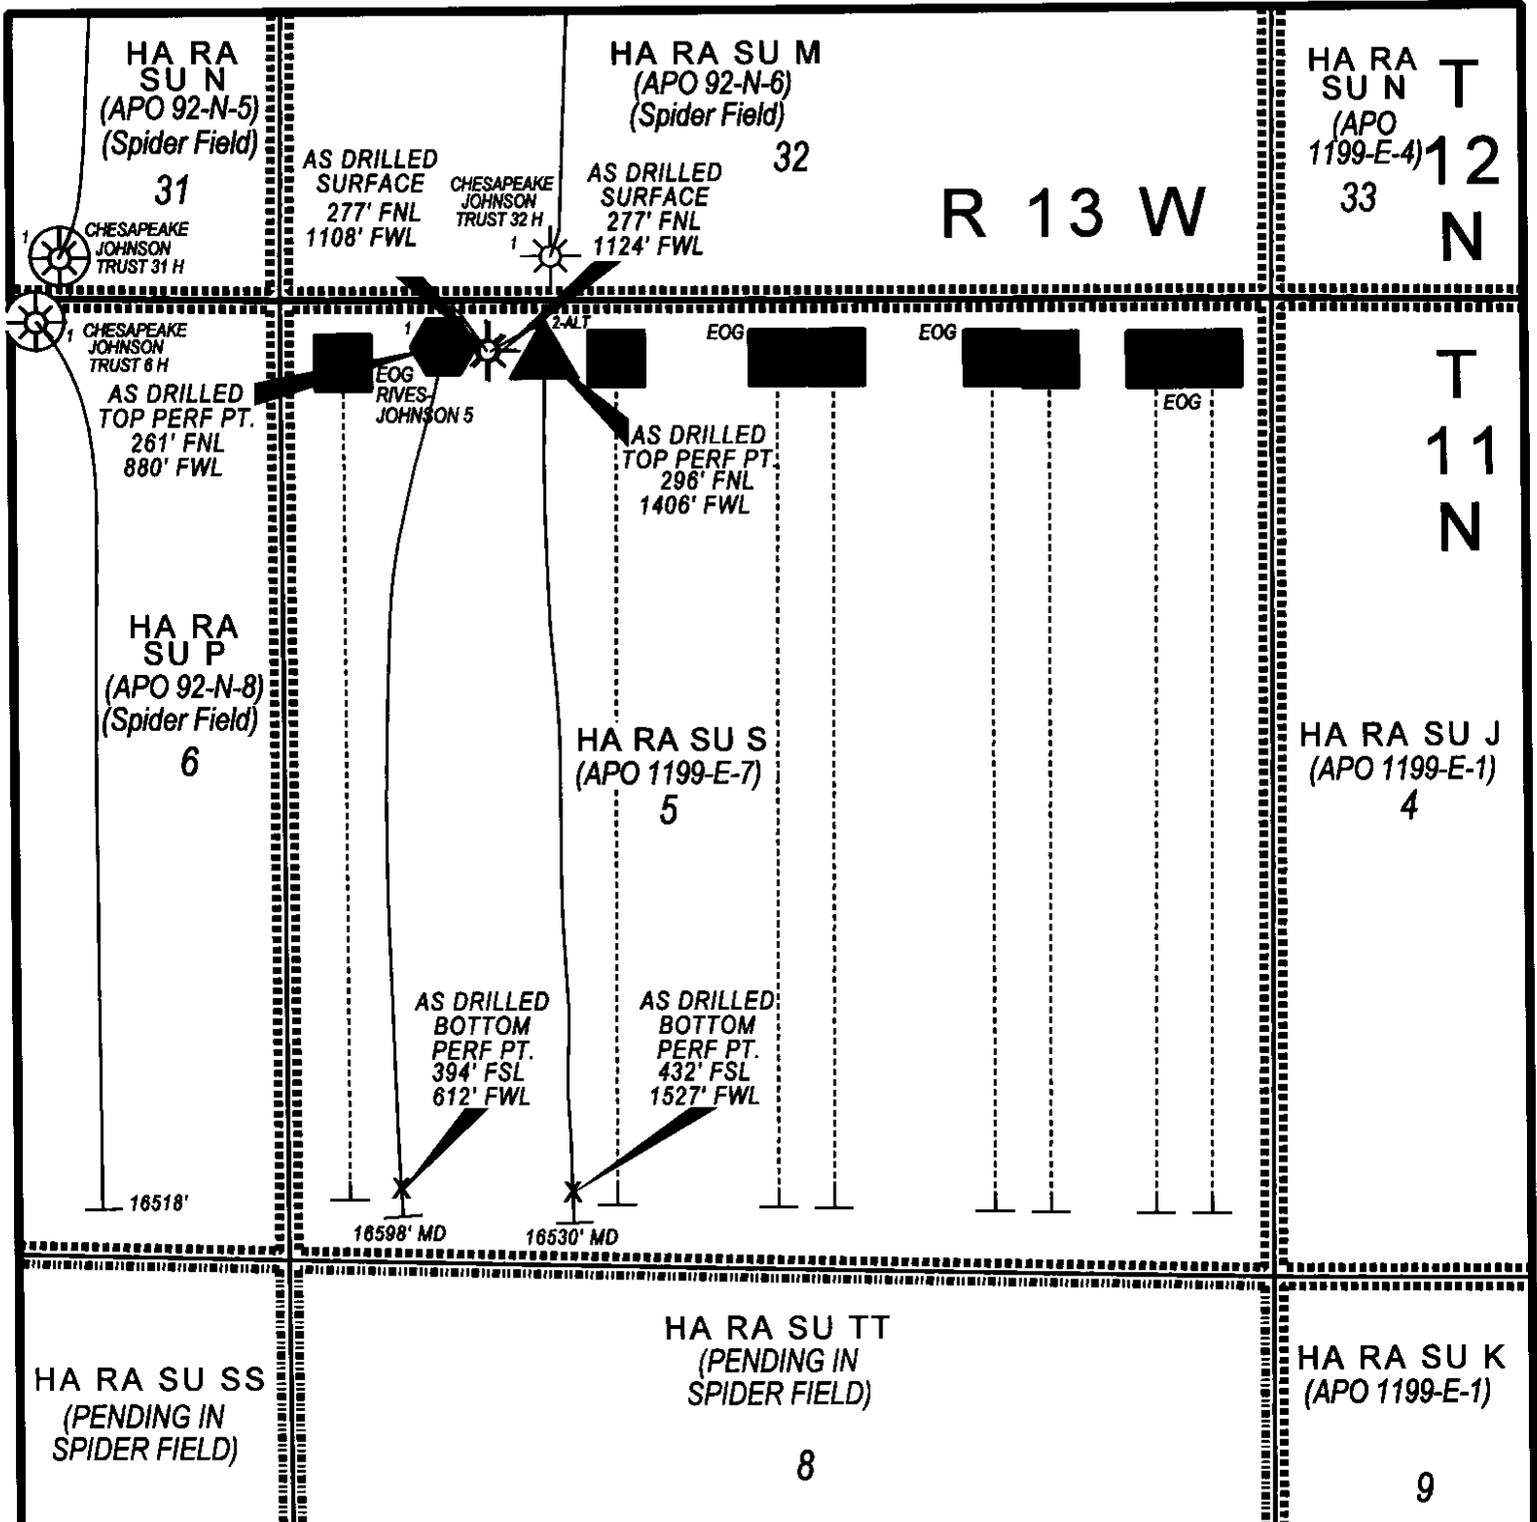

Richard W. Revels, Jr.
