

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **THURSDAY, SEPTEMBER 9, 2010**, upon the application of **WSF, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Cotton Valley Formation, Reservoir A**, in the Elm Grove Field, Bossier Parish, Louisiana.

1. To authorize WSF, Inc. to drill, designate and utilize a horizontal lateral as an alternate unit well at an exceptional location for CV RA SU38, to be drilled in the general manner shown on the plat submitted with the application, or within 100 feet of the locations and path shown provided there are no perforations in the well bore closer than 330 feet to any unit line.
2. To confirm that with respect to the proposed alternate unit well, where the horizontal lateral is cased and cemented back above the top of the Cotton Valley Formation, Reservoir A, the distance to any unit boundary and any offset well(s) should be calculated based on the distance to the nearest perforation in the well and not based on the penetration point or terminus.
3. To find that the proposed alternate unit well is necessary to efficiently and economically drain a portion of the Cotton Valley Formation, Reservoir A, underlying CV RA SU38 which cannot be efficiently and economically drained by any other well.
4. To authorize the unit allowable for CV RA SU38 to be recovered from any of the wells located on the unit, at the discretion of the operator.
5. To consider such other matters as may be pertinent.

The Cotton Valley Formation, Reservoir A was fully defined in Office of Conservation Order No. 361-B, effective October 1, 1973, and was further defined by subsequent orders of the 361-B Series.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
