

TRACT 41341 - Bienville and Bossier Parishes, Louisiana

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description the title of which vests in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on March 10, 2010, situated in Bienville and Bossier Parishes, Louisiana, and more particularly described as follows: Beginning at a point on the South boundary of State Lease No. 18181, as amended, having Coordinates of X = 1,724,430.00 and Y = 629,920.00; thence along the boundary of said State Lease No. 18181 the following courses: East 1,000.00 feet to its Southeast corner having Coordinates of X = 1,725,430.00 and Y = 629,920.00 and North 1,000.00 feet to a point on its East boundary having Coordinates of X = 1,725,430.00 and Y = 630,920.00; thence East 5,020.00 feet to a point having Coordinates of X = 1,730,450.00 and Y = 630,920.00; thence South 6,520.00 feet to a point having Coordinates of X = 1,730,450.00 and Y = 624,400.00; thence West 6,020.00 feet to a point having Coordinates of X = 1,724,430.00 and Y = 624,400.00; thence North 5,520.00 feet to the point of beginning, containing approximately **244 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: This tract encompasses an area beneath which is located on the Bistineau Gas Storage Pool in the Sligo formation of the Pettet Porosity. Accordingly, any mineral related activity, including, but not limited to, the exploration and drilling for, and the production and storage of oil, gas and other liquid or gaseous minerals, conducted under a valid mineral lease which may be obtained from the State, shall be subject to any statewide orders issued by the Louisiana Office of Conservation pertinent to conducting such operations in this area and upon this tract, including particularly, but not limited to, the following: Order Nos. 287, 287-A,

287-A-1, 287-B, Supplement to 287-B, 287-B-1, 287-B-2 and 287-B-3. The successful bidder on this tract shall contact the operator of the Bistineau Gas Storage Pool and the Office of Conservation prior to initiating and conducting any of the aforementioned activity hereon.

NOTE: Bidders are hereby advised that certain areas in Lake Bistineau are the subject of litigation styled, Devon Energy Production Co., L.P. v. Gail Norton, Secretary, United States Department of the Interior, Docket No. 04-2093 (W.D. La.) wherein the Federal Government is claiming ownership or mineral rights to certain accreted lands, and, therefore, title to such accreted lands is in dispute. Any bids accepted by the state mineral board which result in a state mineral lease being given places the successful bidder on notice that, if the result of the above mentioned litigation is adverse to the State, the State's title to that adjudicated acreage, whether the whole or a part of the lease awarded, may be vitiated. Accordingly, all leases awarded by the state mineral board are without warranty of any kind, either express, implied, or statutory, including, but not limited to merchantability and fitness for a particular purpose. Should the awarded lease be subsequently modified, cancelled, or abrogated in any way as a result of the above mentioned or any other litigation, or conflicting private claims which affect or may affect all or any portion of the leased tract, the successful bidder/Lessee, their successors, or assigns shall not be relieved of the obligation to pay any monies due prior to the modification, cancellation, or abrogation, including, but not limited to, bonus, rental and royalty, nor shall the State be obligated to refund those monies paid.
