

**TRACT 41714 - Caddo Parish, Louisiana**

A certain Tract of land, excluding the beds and bottoms of all navigable waters, belonging to and not presently under mineral lease from Caddo Parish Commission on November 10, 2010, being more fully described as follows: Those certain tracts located within Sections 16, and 17 of Township 17 North, Range 15 West, Caddo Parish, Louisiana, being more particularly described as follows:

**Section 16, T17N-R15W** - total containing 4.9576 acres more or less, as follows:

All that portion of the dedicated highways, roads, streets, alleys and rights-of-way located in Section 16, Township 17 North, Range 15 West, containing 3.7576 acres more or less,

Also those certain tracts of Adjudicated Property more specifically described as Lot B, Partition of Lot 2, Dawson Partition, Geo# 171516002000200 containing 1.20 acres more or less;

**Section 17, T17N-R15W** - total containing 3.7576 acres more or less, as follows:

All that portion of the dedicated highways, roads, streets, alleys and rights-of-way located in Section 17, Township 17 North, Range 15 West, containing 3.7576 acres more or less,

**All of the above described properties total approximately 8.7152 acres,** all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. The description is based on information provided by the State Agency regarding location and ownership of surface and mineral rights. All bearings, distances and coordinates, if applicable, are based on Louisiana Coordinate System of 1927, (North or South Zone).

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral and Energy Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral and Energy Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: Lessee, it's successors or assigns, may produce oil, gas and other minerals from the lease premises by drilling from a surface location on other lands, but notwithstanding any other provision of this lease, Lessee, it's successors or assigns, shall not use the surface of the Lessor's property for drilling or any other operations without prior written permission of Lessor, which permission may be withheld at Lessor's discretion.

NOTE: Notwithstanding anything to the contrary herein contained, at the end of the primary term or any extension thereof by operations, if the Commissioner of Conservation of the State of Louisiana establishes a drilling unit which includes a part of the land herein leased, the production of oil, gas and other minerals from such unit shall maintain this lease in full force and effect only as to such portions of the leased land embraced in said pooled unit; and this lease shall expire as to that part of the land herein leased not included in such unit; and lessee, its successors and assigns agree to relinquish by formal instrument any portion of the leased land not included in a unit created by the Commissioner of Conservation while this lease is in effect.

NOTE: Upon the expiration of the primary term hereof or any extension thereof by operations, this lease shall automatically terminate and be of no further force or effect except as to all that part of the leased premises then included within the geographical boundaries of a producing unit duly established by governmental agency or authority having jurisdiction, from the surface of the earth to a depth of 100 feet below the deepest depth from which any well commenced during the primary term hereof on the leased premises or on lands pooled therewith is completed and from which there is production in paying quantities, such depth determination to be made on a unit by unit basis. In the absence of units so established, this lease shall terminate except as to 40 acres around each producing oil well and 160 acres around each producing or shut-in gas well located on the leased premises, in as near the form of a square as is practicable, from the surface of the earth down to a depth of 100 feet below the deepest depth from which said well or wells are completed and from which there is production in paying quantities, such depth determination to be made on a well by well basis.

NOTE: Lessee hereby agrees that all production royalties due and payable under the Oil, Gas and Mineral lease shall be due and payable and calculated from the date that the production of oil, gas and other hydrocarbons first occurs from any unit, whether voluntary or established by the Commissioner of Conservation, in which all or any part of the property herein described is included, even if said production occurs prior to the effective date of this lease.

NOTE: The Caddo Parish Commission will require a minimum bonus of \$7000 per acre and a minimum royalty of 25%.

**All of the above described properties total approximately 94.63 acres,** all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. The description is based on information provided by the State Agency regarding location and ownership of surface and mineral rights. All bearings, distances and coordinates, if applicable, are based on Louisiana Coordinate System of 1927, (North or South Zone).

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral and Energy Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral and Energy Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: There shall be a minimum royalty amount of 25%. Lessor's royalty herein is free of all charges and costs whatsoever including, but not limited to, production, compression, cleaning, dehydration, metering,

detrification, transportation, accounting and marketing. There shall also be a minimum bonus payment of \$6,000.00 per acre.

NOTE: This lease covers only oil, gas condensate, and other hydrocarbons normally produced in association with oil and gas.

NOTE: Anything in this lease to the contrary notwithstanding, upon the expiration of the primary term herein provided, drilling or other operations on, or the existence of a unit well producing commercially, or capable of commercial production, from any unit established in any manner so as to include all or any part of the leased premises, and whether or not the unit well be located on the leased premises, shall maintain this lease in force only as to the portion of the leased premises which is included in such unit. If, however, Lessee is conducting drilling operations on the leased premises or on any land which is included with any of the leased premises in any unit at the end of the primary term, or if a well located on such lands is completed or abandoned within 90 days prior to the expiration of the primary term, then the entire lease shall be continued in force as long as lessee conducts continuous drilling operations, as defined under the terms of this lease, on such lands.

NOTE: This lease only covers the depths from 100 feet below the stratigraphic equivalent of the Cotton Valley Formation to 100 feet below the stratigraphic equivalent of the base of the Haynesville Shale Formation.

NOTE: Lessee agrees to indemnify save and hold harmless the Lessor from and against any liability for damage to property or injury to persons, including death, or claim thereof, sustained as a result of Lessees operation on the leased lands.

NOTE: If this lease, or any portion thereof, is extended beyond the primary term by production, and the well or wells from which this production comes are shut-in for a period of in excess of sixty (60) days for any reason, this lease will not terminate if Lessee pays Lessor, their heirs or assigns, a shut-in royalty in the amount of \$10.00 per acre per month for each affected mineral acre during the shut-in period with the first shut-in payment due within thirty (30) days after the initial 60-day shut-in period and monthly thereafter. These shut-in payments will terminate when production is re-established. The maximum length of time this lease can be maintained by these shut-in payments for any single shut-in period is one (1) year. The amount of shut-in royalty will increase at the rate of five percent (5%) per annum compounded following the first year after the expiration of the primary term of this lease.

NOTE: If Lessee conducts tests or drilling on the leased lands or on lands unitized or pooled therewith, Lessee, upon receiving thirty (30) days written notice from the Lessor, agrees to supply Lessor all data and information obtained from such tests and drilling including, but not

limited to, seismograph reports, electric logs, core analysis, drill stem test data and reservoir engineering studies. Lessor agrees to keep any data or information provided by the Lessee in strict confidence.
