**I. Responses to Questions Submitted by Contractors:**

Contractor Question/Comment (1): There was conversation at the pre-bid meeting regarding possibly planting part of this project, Fall 2014 with the balance of the planting, Spring 2015. If that is the case, how will payment of the project be handled? Will we be able to invoice for the partial planting? Or will we only be able to invoice when the project is 100% complete?

CPRA Response (1): Per specification, GP-59 PAYMENT, Partial payments under the Contract shall be made at the request of the Contractor not more than once each month, based upon partial estimates agreed to by the Contractor and Engineer and shall be furnished to the Engineer and approved by the Engineer prior to the Owner for approval and payment.

**II. Revisions to Specifications:**

GP-53 SUBSTANTIAL COMPLETION: Replace the second paragraph of this section in its entirety with the following:

If the Owner or its representative determines the Project is substantially complete, the Owner will issue a Notice of Acceptance identifying the date the Project reached Substantial Completion and attach a punch list, if applicable, identifying the remaining items that must be completed before final payment. The Contractor shall then file the executed Notice of Acceptance with the Clerk of Court in the Parish where the work is performed and shall forward one complete copy of the recorded acceptance to the Owner and Engineer.

SP-16.3 Performance and Payment Bond: Replace section *16.3.1 Recordation of Contract and Bond*[38:2241A(2)] in its entirety with the following:
