ADDENDUM 03 TO BID DOCUMENTS FOR THE
DELTA-WIDE CREVASSES MAINTENANCE PROJECT (MR-09)
PLAQUEMINES PARISH, LOUISIANA

December 5, 2013
LOUISIANA COASTAL PROTECTION AND RESTORATION AUTHORITY
ADDENDUM 03 TO BID DOCUMENTS
DELTA-WIDE CREVASSES MAINTENANCE PROJECT (MR-09)

The clarifications and revisions in this addendum supersedes the requirements in the Plans and Specifications dated 10/28/13. The Successful bidder will be issued a revised set of Plans and Specifications.

I. Revision to the Louisiana Uniform Public Work Bid Form

The Louisiana Public Work Bid Form is revised and replaced in its entirety with the Louisiana Public Work Bid Form included in Attachment A of this Addendum.

The associated Louisiana Uniform Public Work Bid Form Unit Price Form is revised and replaced in its entirety with the Louisiana Uniform Public Work Bid Form Unit Price Form included in Attachment A of this Addendum.

The Bidder shall use the revised Louisiana Public Work Bid Form and Unit Price Form for submittal of the Bid.

II. Revision to Contract Time

The contract time for the completion of Additive Alternate #2 (Crevasse MP-1) is twenty-two (22) consecutive calendar days in the Instructions to Bidders and SP-3 of the Specifications.

III. CPRA Responses to Bidder Questions

1. **Question:** What is the dredging tolerance or allowable over-depth for the areas to be dredged? Due to the inaccuracies of mechanical and hydraulic dredging, the grade depicted cannot be achieved without over-dredging.

   **Response:** A +0.5 tolerance was added to the dredge depth for all of the crevasses as specified in Addendum #2.

2. **Question:** Please confirm capacities/volumes for disposal areas.

   **Response:** CPRA recognizes that the available volume in some of the mechanical placement areas closely matches the volume to be dredged from the corresponding crevasses. The addition of the dredge depth tolerance discussed in the response to Question 1 will effectively reduce the required volume for the mechanically placement areas.

3. **Question:** Please specify the tolerances for dredging areas and disposal areas.

   **Response:** Refer to the response to Question 1 regarding the dredging depth tolerance. Due to the poor nature of the existing soils within the Crevasses, CPRA acknowledges that if may be difficult to place dredged material within the mechanical placement areas to the lines, grades and elevations shown on the Plans without causing some incidental

DELTA-WIDE CREVASSES MAINTENANCE PROJECT (MR-09)

non-compliance. However, the Contractor shall not intentionally place material beyond the limits shown on the Plans.

IV. Revisions to Plans

Sheet 2 of 27 in the Plans is revised and replaced in its entirety with Sheet 2 included in Attachment B of this Addendum.

ADDENDUM 03 TO BID DOCUMENTS
DELTA-WIDE CREVASSES MAINTENANCE PROJECT (MR-09)

Attachment B
SUMMARY OF ESTIMATED QUANTITIES

GENERAL NOTES

1. All Elevations are based on NAVD 88 as shown on the Plans and are approximate;
   they are subject to survey.

2. Notice of Completion is an industrial marker of the completed work and the
   associated items of work. It is the responsibility of the Contractor to
   complete and provide all required notices to the owner.

3. The Contractor shall be responsible for the accuracy of the data in the
   plans and specifications. Any discrepancies will be resolved by
   mutual agreement.

4. All other items of work shown on the Plans and Specifications are
   included in the contract and are subject to change at the discretion
   of the owner.

5. The Contractor shall be responsible for the proper installation of all
   materials and equipment. Any deviations from the plans and
   specifications will be resolved by mutual agreement.

6. The Contractor shall be responsible for the proper maintenance of the
   work and any associated items during the warranty period.

7. The Contractor shall be responsible for the proper installation of all
   electrical and mechanical systems. Any deviations from the plans
   and specifications will be resolved by mutual agreement.

8. The Contractor shall be responsible for the proper installation of all
   plumbing and HVAC systems. Any deviations from the plans and
   specifications will be resolved by mutual agreement.

9. The Contractor shall be responsible for the proper installation of all
   finishes and fixtures. Any deviations from the plans and
   specifications will be resolved by mutual agreement.

10. The Contractor shall be responsible for the proper installation of all
    site improvements, including grading, paving, and landscaping.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

11. The Contractor shall be responsible for the proper installation of all
    structural elements, including foundations, walls, and roofs.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

12. The Contractor shall be responsible for the proper installation of all
    mechanical systems, including electrical, HVAC, and plumbing.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

13. The Contractor shall be responsible for the proper installation of all
    finishing elements, including doors, windows, and interior finishes.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

14. The Contractor shall be responsible for the proper installation of all
    site furnishings, including gutters, downspouts, and sidewalks.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

15. The Contractor shall be responsible for the proper installation of all
    interior finishes, including floors, walls, and ceilings. Any
    deviations from the plans and specifications will be resolved by
    mutual agreement.

16. The Contractor shall be responsible for the proper installation of all
    exterior finishes, including siding, trim, and exterior finishes.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

17. The Contractor shall be responsible for the proper installation of all
    landscaping, including plants, shrubs, and trees. Any deviations
    from the plans and specifications will be resolved by mutual
    agreement.

18. The Contractor shall be responsible for the proper installation of all
    site utilities, including water, sewer, and gas lines. Any deviations
    from the plans and specifications will be resolved by mutual
    agreement.

19. The Contractor shall be responsible for the proper installation of all
    site electrical systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

20. The Contractor shall be responsible for the proper installation of all
    site mechanical systems, including HVAC and plumbing.
    Any deviations from the plans and specifications will be resolved
    by mutual agreement.

21. The Contractor shall be responsible for the proper installation of all
    interior electrical systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

22. The Contractor shall be responsible for the proper installation of all
    exterior electrical systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

23. The Contractor shall be responsible for the proper installation of all
    site security systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

24. The Contractor shall be responsible for the proper installation of all
    interior security systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

25. The Contractor shall be responsible for the proper installation of all
    exterior security systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

26. The Contractor shall be responsible for the proper installation of all
    site communication systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

27. The Contractor shall be responsible for the proper installation of all
    interior communication systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

28. The Contractor shall be responsible for the proper installation of all
    exterior communication systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

29. The Contractor shall be responsible for the proper installation of all
    site lighting systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

30. The Contractor shall be responsible for the proper installation of all
    interior lighting systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.

31. The Contractor shall be responsible for the proper installation of all
    exterior lighting systems. Any deviations from the plans and
    specifications will be resolved by mutual agreement.
