Department of Energy and Natural Resources
Office of Conservation
Injection & Mining Division

Onstream CO₂, LLC
Class V Stratigraphic Test Well
Cameron Parish

Docket No. IMD 2024-07

Pursuant to provisions of the laws of the State of Louisiana and particularly Title 30 of the Louisiana Revised Statutes of 1950 as amended, and provisions of Statewide Order No. 29-N-1, notice is hereby given that the Injection & Mining Division has prepared a Draft Permit for the application referenced below and that the Commissioner of Conservation will conduct a public hearing to solicit comments on the Draft Permit. The hearing will be held at the Cameron Parish Police Jury West Annex Town Hall at 148 Smith Circle in Cameron, Louisiana at 6:00 P.M. on September 19, 2024.

At such hearing, the commissioner or his designated representative will give any interested person the opportunity to present testimony, facts, or oral or written comments relative to the Draft Permit prepared in response to an application by:

Onstream CO₂, LLC
333 Clay St., Suite 2900
Houston, TX 77002

Onstream CO₂, LLC has applied to the Office of Conservation, Injection and Mining Division for a permit to drill and complete a Class V Subsurface Stratigraphic Test Well in Section 021, Township 15 South, Range 13 West, of Cameron Parish to acquire geotechnical information. The proposed well will be identified as CLC Byrd et al 001 and will be plugged and abandoned upon completion. The well will be drilled to a depth of approximately 9500 feet below ground level (BGL) with geotechnical cores, fluid samples, pressure measurements, and other applicable information collected. The base of the lowermost underground source of drinking water (USDW) at this location occurs at an approximate depth of 1255 feet BGL.

A copy of the Draft Permit, fact sheet, or other information concerning the application may be obtained by writing to Scott St. Romain, Office of Conservation, Injection & Mining Division, 617 North 3rd Street, 9th Floor, Baton Rouge, LA 70802 or by calling (225) 342-5517. The Draft Permit and fact sheet are also available for inspection between 8:00 A.M. and 4:30 P.M., Monday through Friday in the Injection & Mining Division Office, Rm. 817, of the LaSalle Building, 617 North 3rd Street, Baton Rouge, LA 70802. In addition, the application package is available at the Louisiana Department of Energy and Natural Resources, Class VI Carbon Sequestration website.

In accordance with Act 393 of the 2023 Louisiana Regular Session, accommodations will be provided upon request to people with disabilities in order to access this public hearing. To request an accommodation for this hearing, please contact Clarissa Adams at 225-342-6662 or DNR-HumanResources@la.gov.

Interested parties may also submit written comments at any time prior to or during the public hearing. Written comments concerning the application must be received by the Office of Conservation no later than 4:30 P.M., September 20, 2024. Submit all comments to: Scott St. Romain, Office of Conservation, Injection & Mining Division, 617 North 3rd Street, Ninth Floor, Baton Rouge, LA 70802. Comments may also be e-mailed to info@la.gov. Please reference: Onstream CO₂ Class V, Application Number 44855, Docket No. IMD 2024-07.

All persons having interest in the aforesaid shall take notice thereof.

By order of:

Benjamin C. Bienvenu
Commissioner of Conservation
