

APPENDIX V

REFERENCES

References

During this investigation, the following sources of information were reviewed, obtained, or otherwise utilized to develop this hydrogeologic evaluation.

1. Louisiana Department of Natural Resources - Office of Conservation records, data, maps, and regulations
2. Louisiana Department of Environmental Quality records, data, publications, and regulations
3. Louisiana Department of Transportation and Development records, data, and publications
4. Louisiana Department of Wildlife and Fisheries data and publications
5. Louisiana Department of Health and Hospitals data, records, and publications
6. Louisiana Geological Survey data, records, and publications
7. Journal of Sedimentary Resources data and publications
8. Association of Ground Water Scientists and Engineers data and publications
9. Geological Society of America data and publications
10. Gulf Coast Association of Geological Societies data and publications
11. United States Geological Survey data, maps, records, and publications
12. United States Corp of Engineers publications and data
13. United States Department of Agriculture publications
14. United States Environmental Protection Agency data and publications - Ground Water Center Region 6
15. Publications from the Journal of Hydrology
16. Publications from the National Groundwater Association
17. Louisiana: Its Land and People, by Fred B. Kniffen and Sam Bowers Hilliard
18. Documents received from the law firm of Liskow & Lewis
19. Documents received from the Texas A&M University System
20. Expert Reports and other documents produced in connection with the litigation, including subpoena
21. Documents produced in connection with discovery in the litigation
22. ICON Expert Report and Restoration Plan for the Landowners, dated October 18, 2024
23. Charles R. Norman, P.E., Engineering and Operations Report, dated November 04, 2024
24. Surveys by Registered Land Surveyors Southeast Engineers & Land Surveyors
25. Soil Survey of Jefferson Davis Parish, Louisiana (USDA NRCS, 2003, and updated via the online database)
