The FY17/18 rate for monetary contribution to satisfy Beneficial Use of Dredged Material requirements is \$1.00/cu. yd. of material excavated. All applications received after July 1, 2017 for which beneficial use of dredged material is required and the monetary contribution option is selected will be charged this rate.

The 2017 hurricane season is well underway and OCM would like to remind everyone that the State of Louisiana has developed the Get a Game Plan Emergency Preparedness Guide to help families and businesses prepare for natural disasters. The guide also provides valuable information on what to do after the event. For more information or a copy of the guide, please visit the Get a Game Plan website at getagameplan.org.

Coastit Notes is a publication of the Office of Coastal Management to inform permit applicants, the public and others of events and items that may impact them or their interaction with our office. This e-document is intended to improve customer service and awareness of OCM works and functions and includes announcements from all OCM divisions as issues arise.
