NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral and Energy Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral and Energy Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board, nor shall the Louisiana State Mineral and Energy Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: This tract is located in the Rockefeller Wildlife Refuge and Game Preserve under the jurisdiction of the Louisiana Department of Wildlife and Fisheries which has promulgated rules and regulations for the protection of game and wildlife on the aforesaid Tract and, therefore, shall be subject to said rules and regulations, a copy of which may be obtained from the Department of Wildlife and Fisheries. In addition to the specific rules and regulations applicable, the following shall apply regarding operations under this mineral lease:

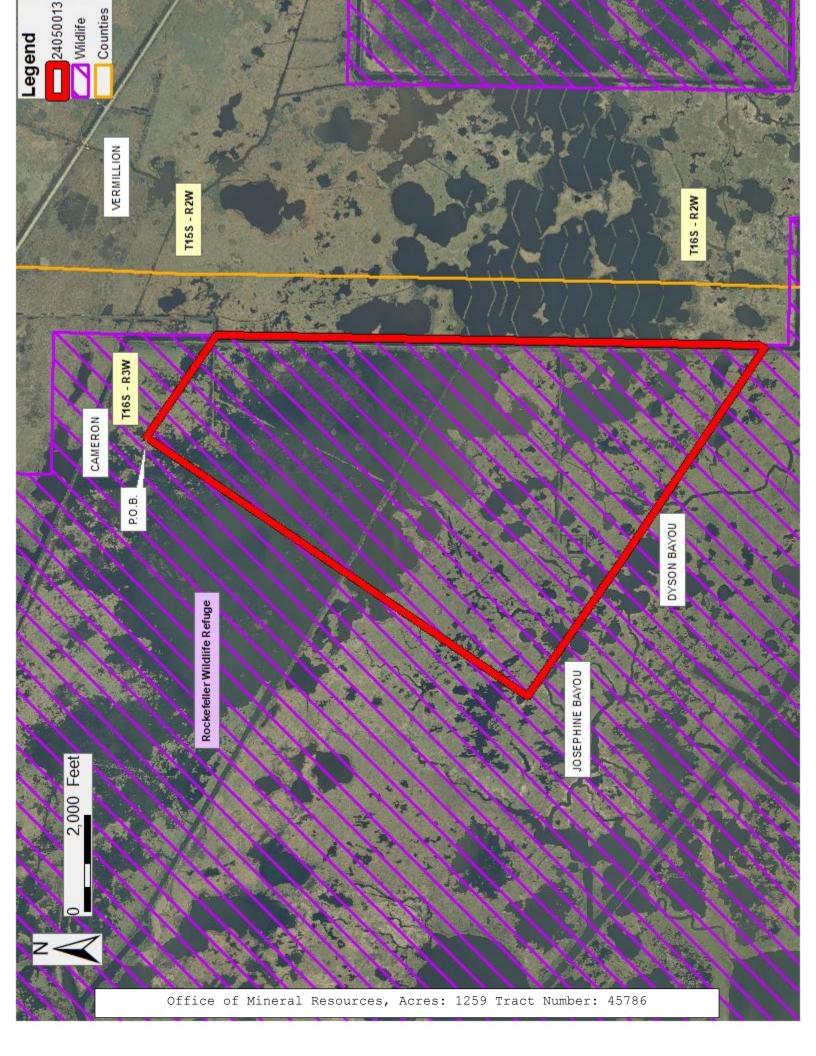

- 1. Compliance with the Rockefeller mineral regulations shall be required.
- 2. No surface activities will be allowed in the vicinity of the Headquarters and associated facilities without written authorization from the Department.
- 3. Board road access will be required when feasible as determined by the Department.
- 4. In the event that board road access is not feasible, existing canals and waterways will be utilized to access and drill the proposed well location. In the event the well location obstructs navigation, a maximum of 350 feet of new canal dredging will be allowed in an effort to eliminate the navigation obstruction.
- 5. Compensatory mitigation will be required for unavoidable wetland loses.
- 6. No discharges will be allowed, a containerized close loop system will be required.
- 7. Seasonal restrictions may be imposed within specific management units dependent upon wildlife population levels.
- 8. All spoil materials generated during dredging operations shall be placed at sites determined by the Department, additionally, the Department shall have discretion to require the use of a hydraulic dredge or spray dredge.
- 9. Prior to submitting application for wetland permits to Federal and State permitting agencies the leaseholder shall coordinate project details with the Department of Wildlife and Fisheries. Contact person for the Department will be Mike Perot at (225) 765-3978.

- Minimum Royalty for years 1-3 is 18.5% (reduction will run for 3 years on 1st production)
- After 3 years production, Minimum Royalty increases to 20.5%
- Production must begin within 24 months, otherwise Minimum Royalty will revert to 22.5%
- Royalty reduction will end January 1, 2025

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not

interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

- 2. No surface activities will be allowed in the vicinity of the Headquarters and associated facilities without written authorization from the Department.
- 3. Board road access will be required when feasible as determined by the Department.
- 4. In the event that board road access is not feasible, existing canals and waterways will be utilized to access and drill the proposed well location. In the event the well location obstructs navigation, a maximum of 350 feet of new canal dredging will be allowed in an effort to eliminate the navigation obstruction.
- 5. Compensatory mitigation will be required for unavoidable wetland loses.
- 6. No discharges will be allowed, a containerized close loop system will be required.
- 7. Seasonal restrictions may be imposed within specific management units dependent upon wildlife population levels.
- 8. All spoil materials generated during dredging operations shall be placed at sites determined by the Department, additionally, the Department shall have discretion to require the use of a hydraulic dredge or spray dredge.
- 9. Prior to submitting application for wetland permits to Federal and State permitting agencies the leaseholder shall coordinate project details with the Department of Wildlife and Fisheries. Contact person for the Department will be Mike Perot at (225) 765-3978.

- Minimum Royalty for years 1-3 is 18.5% (reduction will run for 3 years on 1st production)
- After 3 years production, Minimum Royalty increases to 20.5%
- Production must begin within 24 months, otherwise Minimum Royalty will revert to 22.5%
- Royalty reduction will end January 1, 2025

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not

interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.
