

Saving Energy

Virtual Visit with the Louisiana Energy Office Team

- Begin with the interactive quiz game, Kahoot! focused on energy saving questions. Students will need a second device such as a computer or tablet to answer the Kahoot questions.
- Students then complete [The Energy I Used Today](#) to identify their energy-using behaviors.
- Take an Energy Saving Pledge for students to further identify behavior changes to share with their families and community members.
- Wrap with Q&A with the Louisiana Energy Office team.

Handout: [The Energy I Used Today](#)
