RE: Assistance in Administration of Rebate Programs

Dear Mr. Gray:

I am in receipt of your letter, dated September 25, 2024, regarding administration of the Home Energy Rebate (HER) and Home Electrification and Appliance Rebate (HEAR) programs. The Louisiana Office of Community Development-Disaster Recovery (LOCD-DR) is prepared to partner with the Department of Energy and Natural Resources to administer the HER and HEAR programs.

LOCD-DR has a number of competitively procured contracts in place which may be utilized to assist in administering federally funded grant programs. We will begin working on assembling our team to develop the implementation plan and complete the necessary U.S. Department of Energy application process.

We look forward to working with your agency to assist the residents of this state to increase their energy efficiency.

Sincerely,
